

THE PHANTOM

PHYSICAL DESCRIPTION

Erik is a ghost that lives under the Paris opera, physically he is a tall and thin man, his hair is dark black and he has sunken eyes, he has a thin face and dark eyes, he has the half of his face covered with a mask, his arms and legs are thin and his hands are wrinkled.

PERSONALITY DESCRIPTION

Erik's personality is a bit dark since he is the ghost that scares the audience of the opera theater, I think he is a lonely and independent person but at the end of the story Erik decides to be nice for once with Christine, since they had a fascination for both sides.
